Location: Mysuru, India

OBJECTIVE

As a dedicated Computer Science Engineering student, I have a strong foundation in programming and problem-solving. I'm proactive in learning and adapting to new technologies, with a focus on building efficient solutions to technical problems. Enthusiastic about tackling complex challenges and contributing to impactful technological advancements.

EDUCATION

JSS Science and Technology University, Mysuru
B.E. in Computer Science and Engineering - CGPA: 9.15 (2022 - 2026)

Marimallappa's PU College, Mysuru (State Board)
12th Grade (PCMB) - Percentage: 95.83% (2020 - 2022)

St. Thomas School, Mysuru (CBSE)
10th Grade - Percentage: 95.4% (2020)

TECHNICAL SKILLS

Programming Languages	C, Java, JavaScript, C++ (basics)
Web Development	HTML, CSS
Database Management	MySQL
Coursework	Object-Oriented Programming, Operating Systems, DBMS

PROJECTS

Pharmacy Management System
Developed a web-based application to manage pharmacy inventory, along with customer, employee, and supplier records using PHP and MySQL. The application features an intuitive and responsive UI designed with HTML5, CSS3 and JavaScript to ensure seamless user interaction. It enables real-time tracking of purchases and sales, streamlining operations and minimizing stock discrepancies.

AI-CareerScope (Team project)
Designed and developed a web-based career guidance tool that analyzes global AI job trends and predicts salary ranges using trained machine learning models. Helps users uncover market patterns, explore in-demand roles and receive data-driven career guidance.

ADDITIONAL INFORMATION

Languages: Kannada, English, Hindi
Interests: Puzzle & Sudoku solving
